THE COLUMNS

Main Building at Chowan College facing its spacious landscaped campus.

PURPOSES

1. Quality and not quantity is the philosophy of Chowan College. Our desire is not to be large but to be excellent.
2. It is the purpose of this Institution to meet the demands of the community and section.
3. Furthermore, it is the desire of the college to provide the kind of persons demanded in and by our society with the idea of preserving and enriching our democracy.
4. Chowan College seeks to give to all students who enroll an understanding and appreciation of the ideals of religion fundamental to a positive, Christian philosophy of life.
5. While meeting the needs of those students who are preparing for continuation of college training, we seek to meet the needs of that large group demanding terminal education. Therefore, without minimizing the liberal education, we provide the vocational education demanded.
6. Being a vital part of the training program for religious leaders, we shall maintain and enlarge our program for ministers and religious leaders.
7. Knowing the racial, religious and economic make-up of the United States and the misunderstandings and prejudices therein, we pledge to provide a program which will create good will and reduce tension among these various groups.

FACULTY COMMITTEES

1. **Alumni Committee:** Miss Addie Mae Cooke, Chairman; Dr. J. I. Reece, Mrs. F. O. Mixon, Miss Virginia Powell, Miss White.
2. **Cafeteria:** Mrs. Beamon, Chairman; Dr. Reece, Mrs. Keeler, Miss Dacus.
3. **Chapel:** Dr. Udvarnoki, Chairman; Mrs. Pool, Mrs. Mixon, Miss McQueen, Miss Cooke, Miss White.
4. **Commencement:** Mr. Williams, Chairman; Mr. Grogan, Mrs. Pool.
5. **Curriculum:** Mr. Grogan, Chairman; Dr. Reece, Mrs. Pool, Mr. Boston, Mr. Appenzeller, Dr. Udvarnoki, Mr. Harris, Mrs. Mixon, Mr. Williams, Mr. McSweeney, Mr. Wright.
6. **Discipline:** Mr. Appenzeller, Chairman; Dr. Reece, Miss Cooke, Mr. Grogan.
7. **Student Store:** Mr. Boston, Chairman; Miss Adams, Miss Powell.
8. **Hand Book:** Miss Cooke, Chairman; Mrs. Kennedy, Dr. Reece.
9. **Student Entertainment:** Miss McQueen, Chairman; Miss White, Miss Cooke, Mrs. Kennedy, Miss Powell, Mrs. Keeler.
10. **Publications:** Mr. Grogan, Chairman; Mr. Williams, Miss White, Mr. McSweeney.
11. **Public Entertainment:** Mrs. Pool, Chairman; Miss McQueen.
12. **Cheerleaders:** Mrs. Williams, Chairman; Mrs. Appenzeller.
13. **Radio:** Mrs. Pool, Chairman; Miss Cooke, Mr. Grogan, Miss McQueen.
14. **Self-Help:** Mr. Wright, Chairman; Mr. Fowler.
15. **B.S.U.:** Miss White, Chairman; Miss Cooke.
16. **Library:** Miss Dacus, Chairman; Dr. Udvarnoki, Special Adviser, Mr. Grogan, Dr. Reece, Mrs. Pool, Mr. Appenzeller, Mr. Boston, Mr. Harris, Mrs. Mixon, Mr. Williams, Mr. McSweeney, Mr. Wright.
17. **Post Office:** Mrs. Mixon, Chairman; Miss Powell, Mr. Harris.
18. **News Bureau:** Mr. McSweeney, Chairman; Miss Cooke, Mr. Grogan, Mr. Roy Parker, and students.
19. **Athletic:** Mr. Appenzeller, Chairman; Mr. Boston, Mr. Williams.

General Information

Location

Chowan College is located within the corporate limits of Murfreesboro, Hertford County, North Carolina. The entrance to the campus is two blocks from Main Street on the south side of highway 158. The campus and athletic fields contain a tract of 57 acres of land. The college campus is approximately 100 feet in elevation and is one mile from the Meherrin River, which is navigable. The beautiful campus immediately in front of the main building is surrounded by a circular drive, and through the center is the cedar lane, well lighted at all times. The winding walks, monumented with fine shade trees, shrubbery and flowers, with beautiful old pines skirting the circular drive, together with the surrounding hills and valleys, suggestive of the Piedmont area, add greatly to the beauty and attractiveness of one's environment here, and at the same time furnish recreation grounds for both faculty and students.

The climate is exceedingly healthful and favorable to study. Murfreesboro is one of the most cultured and historic communities in North Carolina. The lovely historic homes and the beautiful new homes give assurance to the passers-by that it is a lovely community with few things to divert one's mind from study. The spirit and atmosphere is all that one can ask of a college community.

Murfreesboro is 58 miles from Norfolk, Virginia, on U.S. Routes 158 and 258. It is accessible by bus.

Heritage

Chowan College was founded October 11, 1848, by the Baptists of northeastern North Carolina and southeastern Virginia and was operated on the lot of the old Murfreesboro Academy, using the Banks School building and equipment. In 1851, the present site of the building was purchased, and "The Columns," the main building, was completed.

The institution, known then as Chowan Baptist Female Institute, did not close its doors during the Civil War nor during the Reconstruction. During the nineteenth century Chowan was recognized throughout the South for its high standards in scholarship and culture. Since 1878, Chowan has belonged to the Baptists of North Carolina.

During the twentieth century continued progress was noted in the addition of buildings and the maintenance of continued high standards. In 1911, the name of the Institute was changed to Chowan College. In 1925, it was made an accredited school with a standard senior Grade A rating; it became co-educational in 1931, and a junior college in 1937.

Chowan graduates have ranked high among the list of distinguished names in this and other states, and, since its founding, its leaders and teachers have been foremost in their fields.

Rating

Chowan College is an active member of the North Carolina College Conference; is approved by the University of the State of New York for the transfer of credit, and by the United States Office of Education for the admission of foreign students.

Buildings and Equipment

The Administration Building, erected in 1851, is a beautiful four-story brick and concrete building. It has a very imposing appearance due to its massive columns and broad veranda, extending its entire length. This building is used principally for classrooms, offices, parlors, literary halls, the infirmary, and dormitory rooms.

The East Building is a commodious brick building four stories high. It houses the kitchen, cafeteria, library, and dormitory rooms for 50 students.

The four cottages on Pine Drive accommodate 40 boys.

The South Wing contains one of the most beautiful college auditoriums in the State, with a seating capacity of seven hundred and a combination stage and gymnasium. This building houses dormitory rooms with new equipment, the swimming pool, and the central heating plant.

The Science Building is a two-story frame building used by all science departments for classroom and laboratory work.

The Stone House, a two-story stone building, houses the Department of Fine Arts.

Love Cottage is the oldest building on the campus, having been built before "The Columns," the administration building. It houses visiting athletic teams.

Hope Cottage is used as a studio for music.

The Graphic Arts Building is a modern structure with complete facilities for instruction in every phase of printing, photography, and journalism.

The Agriculture Building is a two-story concrete block structure having classroom, workshop, and shed space.

The Business Education Building housing the Department of Business Education is a renovated frame structure. The building was formerly known as the "President's House."

All the main buildings, except the Science Building and cottages, are connected by arcades, or corridors, making it extremely convenient for students in severe weather, since they are able to go from one building to another, entirely under shelter. All these buildings are adequately equipped with fire escapes and a sprinkler system. Steam heat makes all the buildings comfortable throughout the year.

A post office equipped with modern lock boxes is maintained by the college for the convenience of the faculty and students. Mail is received and dispatched once daily.

The program of expansion calls for the erection of a Science Building, Boys' Dormitory, Gymnasium, and Infirmary.

Student Publications

Three publications are sponsored by the student body. Valuable experience is gained by a large staff of workers in writing, organization, and administration.

THE CHOWANIAN is a monthly paper which gives the campus news, gives expression to student thinking, and helps shape campus opinions.

THE CHOWANOKA is the school annual. It gives a complete illustrated record of the year's work and student activities.

STUDENT HANDBOOK. This is a manual of the "Student Government Association." The manual is published annually and a copy furnished to each student.

Literary Societies

The two literary societies, Phi Lambda Pi and Zeta Alpha Sigma, have as their ultimate aim the development of the individual in public speaking.

Religious Life

A religious atmosphere pervades the college, and the spiritual welfare of the students is one of the primary considerations. It is the purpose of the college to maintain high ideals of Christian life and devotion, so that students may be surrounded by conditions favorable to the development of spiritual life and service. This purpose pervades every department of instruction and activity. An effort is made to develop a deeper spiritual life, to create a desire for service, and to train for active Christian work. Courses in Religion are required of all students for graduation.

To this end the various organizations are given a prominent place in the college activities. Under the auspices of the B.S.U. and Y.W.A., study courses are held each year. The B.S.U. Council has general oversight of the college religious life.

This organization unifies and correlates the work of all the unit organizations of Baptist students under the leadership of the executive body—the Baptist Student Union Council. This council brings together the leaders of the different phases of religious life on the campus in order to plan, direct, and stimulate the various activities. Through unification and correlation such as this organization affords, the life of each unit organization is intensified and benefited. The aim of the B.S.U. is to interest the students on the campus in striving to live up to the ideals set by Christ. The unit organizations of the college community under the leadership of the B.S.U. Council are the means to the accomplishment of that aim. The B.S.U. links the campus definitely with the organizations of the church. The organizations included in the B.S.U. of Chowan are: Sunday School, Y.W.A., and the Ministerial Association.

Social Life

Very pleasant social life exists among the students. The college regards this as of utmost importance and makes ample provision and regulations for it.

Students, through their various organizations, arrange socials.

During Freshman Orientation Week, the B.S.U. gives a reception for the new students.

The two literary societies entertain at special dinners and receptions.

Other organizations, as the Women's Athletic Association, the Monogram Club for men, and the Y.W.A. emphasize the social life among their objectives.

Social activities are directed by the Dean of Women and Dean of Men with the aid of student committees.

Athletics

Chowan offers a diversified athletic program for both men and women.

Major sports provided for men are football, basketball, and baseball. The teams in these sports participate in intercollegiate competition. Monograms are awarded in the major sports.

Physical education is required of all students unless excused by a physician.

Girls do not participate in intercollegiate sports but are offered softball, soccer, badminton, tennis, volleyball, basketball, swimming, archery, and horseback riding in their physical education program.

Instruction in swimming is given in the college pool.

On its spacious campus, the college has tennis courts and a large athletic field.

To supplement the interest in athletics, two student organizations are active, the Monogram Club and the Women's Athletic Association.

One of the outstanding advantages of the school is the giving to each student an opportunity to participate in one or more sports.

Alumni Association

The Alumni Association was organized in 1911 to form a strong and vital link between the college and its former students. Local chapters supplement the work of the organization and contribute towards the needs and life of the college. A feature of Homecoming Day held in the fall is the return of Alumni. It is to be expected that with the revival of Founder's Day, October 11, the association will become more active and more local chapters will be organized.

Graduates are urged to affiliate with the association and their local chapter and to remain active, loyal Chowanians.

General Regulations

The Christian citizen at work is the standard to which every student is expected to conform. All appropriate means are used to develop and confirm a sense of personal honor and sacred regard for truth. Students will endeavor to refrain from any conduct, in or out of school, known to be damaging to themselves or to the school. In matriculating students, the college reserves the right to require the immediate withdrawal of any student who is found to be undesirable. A few plain and reasonable rules are prescribed.

On Moral Conduct

(1) The use of profanity will be considered a violation of decent rules of conduct. It is obnoxious anywhere.

(2) Smoking is discouraged. It is permitted inside only in the smoking lounge and dormitory rooms.

(3) Drinking of intoxicants, as wine, beer, whiskey, will not be permitted.

(4) Stealing, gambling, cheating, vandalism, and other forms of immoral conduct will be dealt with according to the offense.

(5) The possession of firearms, firecrackers, or explosives of any kind is prohibited on the campus.

(6) Those who neglect their studies, waste time, disregard the requests of teachers, or fail to conform to the ideals of the College may be asked by the President to withdraw.

(7) A faculty disciplinary committee appointed by the President, and in some cases, with the judiciaries, will handle cases of moral conduct as outlined above.

On Chapel

(1) All students and teachers assemble twice weekly, Tuesday and Thursday, from 10:00-10:30, for chapel. The chapel hour is considered essential for the morale of the school and for each individual's vital need.

(2) A record of all absences from chapel is kept by monitors and reported to the office of the Dean of Women on the day on which they occur. Unexcused absences make student subject to discipline by Faculty Disciplinary Committee.

(3) The last Thursday chapel period each month is set aside for meetings of various student organizations.

On Rooms

(1) Occupants of dormitory rooms will be held responsible for the good order of their rooms, as well as for any damage or defacement they may sustain. Changes from one room to another may be allowed, but must not be made without permission from the Dean.

(2) If a student destroys, defaces, or in any way damages college property, or aids and abets others in so doing, such student shall, within twenty-four hours, report the fact to the Bursar. Students will be charged pro rata for all damages not individually accounted for. This prorated amount will be taken from the contingent deposit.

(3) A deposit of \$1 will be charged for the key to each room. After the return of the key, the \$1 is refunded.

On Clubs

No clubs or societies shall be formed unless the faculty, on application made, approves the design of such association, the rules by which it is proposed to be governed, and the hours of meeting.

On Point System

Extra-curricula activities are encouraged; however, to prevent some students from being overburdened with activities and thus neglecting their studies, the following point system has been devised by the student council:

Publications editor.....	15
President of class.....	10
President of BSU, YWA, Society, WAA, Monogram Club.....	10
Major sport.....	10
Publications business manager.....	10
Library or office assistant.....	8
Publications staff member.....	8
Club secretary, treasurer, or reporter.....	5
Cheerleader	5
Committee chairman.....	5
Club membership.....	2

No student will be allowed to have more than 36 points.

Library

The library stacks and reading room occupy the entire second floor of the East Building. The room is well lighted with windows on three sides.

The library contains seven thousand volumes completely catalogued according to the Dewey Decimal System of classification and is supplied with card indexes of authors and titles, and more than twelve thousand cross reference cards.

The library is well equipped with encyclopedias and bound volumes of magazines covering a period of several decades. It also subscribes to the leading magazines of literary, scientific, musical, and artistic value, and to the daily and weekly newspapers.

The library is open every school day from 8:00 in the morning until 9:30 in the evening and from 8:00 to 12:00 on Saturday.

Infirmary

The college maintains on the third floor of the Administration Building an infirmary for girls equipped with modern hospital beds. A complete diet kitchen adjoins the infirmary rooms. The person in charge of the infirmary is prepared to serve meals in the infirmary on the doctor's orders. This provision has been made for cases of temporary illness. For cases of serious and protracted illness, arrangements will be made according to circumstances and instructions of parents. Dormitory students too ill to go to dining room or to attend to college duties are expected to go to the infirmary.

All doctor's fees and drugs are the responsibility of the student desiring the services of a doctor and drugs.

ADMISSION

To gain admission to the college, the prospective student who has not previously attended college should do the following:

1. Obtain from the college an application for admission blank and a high school transcript blank.
2. Fill out completely the application for admission and mail it, along with a \$5.00 room deposit, to the Bursar of Chowan College.
3. Have his high school principal or superintendent fill out the high school transcript blank and mail to the Dean of Instruction of Chowan College.

Students may enter Chowan College by either of three methods:

The student who transfers to Chowan College from another college should follow the same procedure and ask his registrar to mail a transcript of college work.

1. **BY CERTIFICATE.** Graduates of accredited High Schools are admitted on certificate from the proper school official. The certificate may not be substituted by the student. It is important that the certificate of high school credits reach the college early in order that all correspondence relating to the application may be completed some weeks before the opening of the next session. Certification blanks for high school records may be obtained on application to the Registrar.

2. **BY EXAMINATION.** All scholarship requirements may be met by examination at the opening of the session for applicants who present satisfactory evidence that they have completed the equivalent of the work required for graduation in the accredited four-year high school.

3. BY SPECIAL PERMISSION. Students who are not qualified to enter under either of the other two methods, or who, for any reason, wish to take college courses may enter as "Special" students. Credit earned by "Special" students is recorded but is not transferable.

Requirements for Admission

The subjects in which credit for admission may be offered and the maximum amount of credit acceptable in each subject are given in the following table:

	Units		Units
English	4	Botany	1
Latin	4	Zoology	1
Greek	2	General Biology	1
German	2	Physical Geography	1
French	2	General Science	1
Spanish	2	Economics	1
Mathematics	4	Agriculture	2
History and Civics.....	4	Mechanical Drawing	2
Physics	1	Woodwork, Forging and	
Chemistry	1	Machine Work	2
Bible	2	Household Economics	2
Music	2	Commercial Subjects	3

In vocational subjects not more than a total of three units will be credited. All students, other than commercial students, must submit 4 units of English and 2 units of Mathematics if being admitted upon high school certification. One of the units of Mathematics must be in plane geometry, or else the student will be required to take this, without credit, at the college if he intends to work for the AA degree.

TRANSFER STUDENTS

Students who transfer from other colleges must have their transcripts sent before being admitted. No courses with grades lower than passing grade will be accepted. In order to enter as a student of sophomore standing, one must have a minimum of 48 quarter-hours of credit and 48 quality points.

Physical Examination

All students are required to take a physical examination or present upon entering a doctor's certificate.

Items to Bring

Students who plan to live in the dormitory should bring with them

the following personal items:

- 4 single sheets
- 1 pillow and pillow cases
- Woolen blankets
- Bedspread
- Rugs and curtains if desired

ACADEMIC REQUIREMENTS

Scholastic Requirements

The faculty and administration maintain high scholastic standards and exact from the students certain requirements for continued attendance in the college:

A regular student must pass twelve quarter hours work each quarter. If at any time during the course of the quarter the student fails to pass the required hours, he will be placed on scholastic probation. Such probation requires the student to relinquish all privileges and prevents his representing the college in any manner. Unless the student removes himself from probationary status the following quarter by passing twelve quarter hours work he will be asked to appear before the Dean of Instruction and Curriculum Committee who will decide whether or not the student will be asked to withdraw from the college for one quarter.

Students pursuing a degree in Business Education must make a "C" on all subjects in the major field. No credit toward a degree will be allowed student making below a "C" on any business subject.

Academic Load

Each student enrolled in the college is expected to carry sixteen quarter-hours of work each quarter, which is considered to be a normal load for the average student. This includes Physical Education and Music. No regular student will be allowed to carry less than 12 hours in any quarter. To pursue a heavier load than this, the student must obtain the permission of the Dean of Instruction.

SYSTEM OF GRADES

A—95-100
 B—90-94
 C—80-89
 D—70-79
 F—Failure

W—Withdrawn passing
 WF—Withdrawn failing
 I—Incomplete
 NC—No college credit

QUALITY POINT SYSTEM

Students are awarded quality points on the basis of the grades they make:

A—three quality points per quarter-hour credit.

B—two quality points per quarter-hour credit.

C—one quality point per quarter-hour credit.

D—no quality points per quarter-hour credit.

A 1.0 quality point ratio is required for graduation. This means that a student must have at least as many quality points as hours attempted. In addition to the above requirements, students in the Department of Business Education must pass all business subjects with a grade of "C" or better in order to qualify for a certificate or diploma in that department.

Honor Roll

Students who have a 3.0 average for a quarter will be placed on the "A" honor roll. Students having a 2.0 average on all work attempted will be placed on the "B" honor roll.

Absences

Each class absence will be dealt with on its own merit by the professor in charge, the Dean of Instruction, the Dean of Men, and the Dean of Women. The Dean of Women will serve as Chairman of the Committee on Absences.

Excused absences are granted for three purposes:

1. Personal illness.
2. Serious illness or death in the family.
3. Representing the college off campus.

To be excused from class or chapel because of illness, a student must have such illness reported to the Dean of Men or Dean of Women before the absence occurs. A student wishing to be excused because of illness or death in the family must report to the Dean of Women prior to the absence his plan to miss chapel or class. Students representing the college off campus must file a request for an excused absence with the Dean of Women twenty-four hours before the absence occurs and turn in before leaving all work due in classes to be missed.

No free "cuts" or absences are granted.

Absences preceding or following holidays will be recorded as double absences.

Reports

At the end of each quarter, reports showing the grade made in each course are given to the student and sent to the parent or guardian of the student. Mid-term reports are also released to show the standing of Freshmen students.

Transcripts

Every student is entitled to one free copy of his college transcript. For additional copies there is a fee of \$1.00 each. Also, transfer students from other colleges must present to the Registrar a transcript from that college before he can be classified.

Withdrawals from Courses

A student who wishes to discontinue any course during a session must consult the Dean. If the Dean approves the request, he authorizes cancellation of the registration for the course. If, at any time, a student shall drop any course without prior written approval of the Dean, a grade of F for that course shall be reported by the instructor to the Registrar.

Withdrawals from School

All students who withdraw from the college during a quarter are expected to make an official withdrawal in the Bursar's Office. Otherwise, all grades for that quarter will be recorded as F. Any student who is making a passing grade at the time of withdrawal will receive a grade of W. He will receive a grade of WF in each course he is failing at the time of withdrawal.

Students who formally withdraw within one week following the scheduled registration date are entitled to a refund of 80% of the fees paid for the quarter; those who withdraw during the period between one and two weeks after the scheduled registration date are entitled to a refund of 60% of the fees paid for that quarter; those who withdraw during the period between two and three weeks after the scheduled registration date are entitled to a refund of 40% of the fees paid for that quarter. Those students who withdraw as late as three weeks after scheduled registration period are entitled to no refund for any fees paid for any part of the quarter. Any student who is asked to withdraw from the college at any time for the infraction of the rules is not entitled to any refund of any part of fees paid for that quarter.

Grades

If on account of illness or any other emergency a student does not complete the work of his course, his grade is recorded as I (incomplete). The work recorded as I must be completed before the end of the following quarter.

All conditions must be removed thirty days before the end of the last term of the student's graduating year. Otherwise, the student's name will be dropped from the class roll. Special examination fee is \$5.00.

A student who receives a grade F on a course or fails to remove a conditional failure by one re-examination must repeat the course for credit. No grade higher than a D may be assigned as a result of a re-examination.

REQUIREMENTS FOR GRADUATION

To receive the Associate of Arts and Associate of Science diploma, a student must satisfy the following regulations:

1. The student must have satisfactorily completed two years of college work and must have obtained 90 quarter-hours of credit in college work, exclusive of Physical Education and non-theory courses. He must have completed at least 6 quarter-hours of Physical Education.
2. Because of the requirements for graduation from four-year colleges, no student can graduate who has not merited at least a quality-point ratio of 1.0. This means an average of C.
3. The student must have pursued and completed the prescribed curriculum, as outlined in this bulletin.
4. The student must have been enrolled at least two full quarters in Chowan College.
5. The student wishing to graduate under the graduation requirements of a previous catalog must receive approval of such from the curriculum committee.

In order for a student pursuing the one-year commercial course to obtain the Business Certificate, he must satisfy requirements 2, 3, 4, and the following:

1. The student must have satisfactorily completed one year of college work and must have obtained 46 quarter-hours of credit, exclusive of Physical Education and non-theory courses.
2. The student must have completed six (6) quarter-hours of Religion and two (2) quarters of Physical Education.
3. The student must make a grade C or better on all work in the major field to receive credit toward a certificate or degree.

EXPENSES

For Quarter of 12 Weeks

(The college reserves the right to make changes in living expenses with proper notice to parents, if radical changes occur.)

Tuition	\$ 34.00
Matriculation (includes registration, library, athletics, P. O. Box rent, clinical,* and concerts and entertainment).....	\$ 30.00
Publications Fee (payable first quarter only for each student).....	\$ 12.50

ROOMS

Girls—Main Building	\$ 34.00
Boys—Cottages and East Building	\$ 34.00

Additional rooms for boys may be obtained in the town of Murfreesboro at reasonable rates.

ALL STUDENTS LIVING ON THE CAMPUS or commuting to the campus are required to carry accident insurance provided in a blanket policy by the college or sign a statement rejecting the insurance. The cost of this insurance is \$8.00 for the men and \$4.50 for the women. It covers each accident up to \$1,000.

BOARD

A modern cafeteria, operated by the college, is well equipped to accommodate the entire student body. Day students may buy meal tickets at current rates.

Minimum charges for boarding students.....	\$ 97.50
--	----------

DORMITORY

Key Deposit—Refunded when key is returned	\$ 1.00
Contingent Fee—A refund, if any be due, will be made at the end of the year	\$ 5.00

BUSINESS

Typing	\$ 7.50
Office Machines	\$ 7.50

*The fee does not care for doctor's fees or clinical medical emergencies. These must be cared for by the individual student.

SCIENCE

Bacteriology	\$ 5.00
Clinical Pathology	\$ 2.50
Comparative Anatomy	\$ 7.00
General Biology (per quarter)	\$ 5.00
General Botony (per quarter)	\$ 2.50
General Chemistry	\$ 5.00
Graphic Arts	\$ 20.00
Invertebrate Zoology	\$ 7.50
News Photography	\$ 20.00
Organic Chemistry	\$ 8.00
Teletypesetting	\$ 15.00

(A breakage fee of \$5.00 per year is charged in each course in Chemistry. A refund, if any be due, will be made at the end of the year.)

All special fees must be paid before the student is to be enrolled for his courses.

OTHER FEES

MUSIC (Regular Students)

Piano Lessons—Two classes per week	\$ 30.00
Piano Practice	\$ 5.00
Voice Lessons—Two classes per week	\$ 30.00
Voice Lessons—In class of six, two hours per week	\$ 10.00
Music Appreciation—In class of six or more, two hours per week, each	\$ 5.00

MUSIC (Special Students)

(Music students who are taking no other course in Chowan College will be admitted for course in music when the schedule of music teachers permits.)

Piano Lessons—Two classes per week	\$ 35.00
(or) Per lesson	\$ 1.50
Voice Lessons—Two classes per week	\$ 35.00
(or) Per lesson	\$ 1.50
Organ Lessons—Two classes per week	\$ 40.00
(or) Per lesson	\$ 2.00

SCHOLARSHIPS

TRUSTEE SCHOLARSHIP: Awarded to North Carolina and Tidewater Virginia high school seniors on the basis of a written competitive examination. One scholarship is available for two years, continuance for the second year being dependent on the maintenance of a superior academic and character record. Those who desire to compete in the examination must first have the principal approve the application as only one person from a school is permitted to apply.

ARTS AND SCIENCES

Recommended Curricula

Changes subject to Dean's permission.

LIBERAL ARTS - TRANSFERS

Description of Courses

AGRICULTURE

1. Farm Shop. 3 quarter hours.

Training in the use and maintenance of farm tools, woodworking, forging, tempering, soldering, concrete and masonry work, electric and oxy-acetylene welding, and electric wiring.

2. Farm Machinery. 3 quarter hours.

A study of all equipment used for modern farming practices. Emphasis is placed on proper selection for the job, care, adjustment and operation.

3. Pasture and Forage Crops. 4 quarter hours.

A study of the production of the principal forage crops. These crops are studied with reference to their adaptations, fertilizer requirements, cultural methods, and harvesting. Attention is also given to the establishment and maintenance of pastures.

4. Farm Buildings. 3 quarter hours.

A course dealing with the construction and remodeling of farm buildings.

5. Pork Production. 4 quarter hours.

A study of breed characteristics, breeding, feeding, housing, management, and marketing of hogs.

6. Poultry Production. 4 quarter hours.

A study of the fundamental principles of poultry production. Major topics discussed are breeding, feeding, incubation, brooding, housing, disease control, and marketing.

7. Field Crops 4 quarter hours.

A course dealing with the problems encountered in the production of corn, small grains, and large-seeded legumes. Principle topics studied include adaption, cropping systems, nutrient, requirements, cultural methods, harvesting, and use.

201. Dairy Production. 4 quarter hours.

202. Farm Machinery 3 quarter hours.

A study of farm tractors and engines. Principles of operation of internal combustion engines, clutches, transmissions, final drives, engine troubles, general repair, servicing, and efficient operation are the major topics discussed.

203. Farm Management. 4 quarter hours.

Principles of farm organization and operation. Such factors as proper balance between enterprises, farm planning, and keeping farm records are considered.

204. Farm Forestry. 3 quarter hours.

A study of the general problems dealing with the management of farm woodlands. Tree identification, tree measurements, forest measurements, growth and development of forest stands, intermediate and final cuttings, forest protection, and utilization of forest products are the principal topics considered.

205. Beef Production 4 quarter hours.

A study of modern methods of feeding, breeding, and management of the beef cattle.

206. Vegetable Gardening. 3 quarter hours.

A study of the general principles of vegetable growing and handling. Attention will be given to soil preparation, fertilization, cultural practices, irrigation, harvesting, grading, packing, and marketing.

207. Field Crops. 4 quarter hours.

A study of the fertilization, cultivation, varieties, insect and disease control, harvesting, grading, and marketing of cotton and flue-cured tobacco.

BUSINESS EDUCATION

10. Beginning Typewriting. 3 quarter hours.

Required of all business education majors. Mastery of keyboard by touch method, technique of machine operation. Instruction in typewriting manuscripts and centering problems. Speed: 30 words a minute. Five hours a week. Laboratory fee required.

11. Intermediate Typing. 3 quarter hours.

Required of all business education majors. A continuation of Business Education 10. Business letter writing and other business forms. Speed 40 words a minute. Five hours a week. Laboratory fee required.

12. Advanced Typewriting. 3 quarter hours.

Required of all business education majors. A continuation of Business Education 11. Business letter writing and other business forms. Speed 50 words a minute. Five hours a week. Laboratory fee required.

15. Shorthand. 3 quarter hours.

Gregg Simplified Functional Method. Reading skills developed, followed by writing skills. Five laboratory hours a week.

16. Shorthand. 3 quarter hours.

Continuation of 15. Dictation.

17. Shorthand. 3 quarter hours.

Continuation of 16. Further development of skill in taking dictation. Introduction of new matter dictation and transcription on typewriter. Prerequisite: Business 120 and 121. Five laboratory hours a week.

20. Office Machines. 3 quarter hours.

Technique of operation, care of machine, and skill in operation of machines found in modern offices. Three hours per week, and three hours laboratory. Laboratory fee required. Prerequisite: Typing.

21. Introduction to Business. 4 quarter hours.

Designed to give the student essential familiarity with business environment in which he lives. Survey of business principles and practices.

22. Salesmanship. 3 quarter hours.

Psychology of selling and advertising, problems of employers. Sales talks emphasized. Demonstrations by successful salesmen; motion picture films demonstrating good selling.

23. American Economic History. 5 quarter hours.

A study of the economic factors in the discovery, settlement and development of the United States. Special emphasis is given the in-

fluence of the economic factors upon the social and political life of the American people.

215. Advanced Shorthand 3 quarter hours.

Prerequisite: Business Education 17 or its equivalent. The purpose of this course is to develop speed and accuracy in Gregg shorthand and to apply this skill in taking dictation and in the transcribing of business letters, etc.

216. Medical Shorthand. 3 quarter hours.

Development of skill in taking specialized dictation in the field of medicine. Special attention and drill on medical terminology. Offered on demand.

217. Legal Shorthand. 3 quarter hours.

Development of skill in taking specialized dictation in the field of law. Special attention and drill on legal terms. Offered on demand.

220. Accounting. 5 quarter hours.

Beginning accounting. Topics studied include ledger accounts, trial balance, work sheet, credit transactions, special journals. Four hours a week and three hours laboratory. Practice Set No. 1. Prerequisite—Introduction to Business—Business Math.

221. Accounting. 5 quarter hours.

Continuation of 221. Partnership, Corporation and Specialized Accounting. Practice Set No. 2. Four hours a week and two hours laboratory.

222. Office Practice. 3 quarter hours.

Emphasizes training in basic office procedures and routines.

223. Business Law. 3 quarter hours.

Includes the discussion of law under the following topics: Contracts, Sales, Bailments, Negotiable Instruments, Law of Employment, Partnerships, Corporations, Risk-bearing Devices, Property, and Criminal Offenses. Three hours per week.

Business English. 5 quarter hours.

See English. Prerequisite, English 30.

Business Arithmetic.* 3 quarter hours.

See Mathematics.

Mathematics of Business. 5 quarter hours.

See Mathematics. Prerequisite—College Algebra.

224. Economic Principles. 5 quarter hours.

A study of the present day economic system; agricultural, industrial, and business organizations in production; organized labor and its policies; money, credit, and banking; in international trade. Prerequisite: Business 21 and 23.

225. Economic Problems. 5 quarter hours.

Designed to follow Economic 224; this course explores the problems of distribution of income, price changes and the business cycle; government finance; a comparison of the modern economic systems.

Prerequisite: Business 224

ENGLISH

30. Introductory Composition. 5 quarter hours.

A course to develop clarity and precision in oral and written English. It includes a study of basic language facts, the dictionary, grammar fundamentals, spelling, and punctuation. Organization of written papers is emphasized and effective sentence structure is stressed. Much practice is given in written composition.

31. American Prose and Composition. 5 quarter hours.

A continuation of 30. It includes a study of the modern essay, exposition, argumentation, description, and narration. Models provocative of thought are taken from American Literature and criticized. The student is led to express his own opinions and observations in effective and attractive style. A research paper, frequent conferences, and directed supplementary readings and reports are required.

32. Business English. 5 quarter hours.

A course designed specifically for both one-year and two-year terminal students in Business Education. Places emphasis on spelling,

*For terminal credit and not transferable.

punctuation, grammar, sentence structure, and various types of business letter writing.

33. Introductory Speech. 3 quarter hours.

A course which analyzes the basic elements of speech, voice, language, bodily action, speech content, and speech attitudes and makes applications to various speech situations.

34. Public Speaking. 3 quarter hours.

A continuation of Speech 33. This course stresses the preparation and presentation of a speech. The aim is to develop conversational directness and ease before an audience. It consists of theory and practice.

35. Dramatics. 3 quarter hours.

This course includes the high points in the history of drama and acting, theory of play production, and information on contemporary drama. Both radio and stage plays are used in providing experiences in oral interpretation, acting, and directing.

230-231. American Literature. 5 quarter hours.

Historical survey of American literature from 1588 to contemporary times with emphasis on representative authors. Lectures, class discussions, short written and oral reports are included.

232-233. English Literature. 5 quarter hours.

Historical survey of English literature from beginning to contemporary times with emphasis on representative authors. Lectures, class discussions, short research paper, and brief oral reports are included.

234-235. World Literature. 5 quarter hours.

A reading course in some of the outstanding literary masterpieces of the East and the West designed to give the general cultural background expected of college graduates.

GRAPHIC ARTS—PRINTING

40. The Practice of Printing I. 10 quarter hours.

A study of the history of the great industry of printing; types and materials used in printing and how to use them; the setting and makeup of printed forms and advertisements.

41. Elementary Platen Presswork. 10 quarter hours.

To learn the mechanics of the platen press and the methods of producing certain types of printing.

42. Linotype Keyboard Practice. 5 quarter hours.

To study the fingering system of the Linotype keyboard and to determine if the student has an aptitude necessary to become a competent operator.

240. Practice of Printing II. 10 quarter hours.

To study the principle of balance, proportion, harmony and contrast in printing; to set and makeup intricate forms and advertisements; the study of papers used in printing, illustrations and their use.

241. Printing Layout and Design. 5 quarter hours.

Practice of designing newspaper ads and printed forms; newspaper adroom practice and procedure; separation of color forms; a knowledge of photo engravings.

242. Linotype and Teletypesetter Maintenance. 5 quarter hours.

Diagnosing troublesome conditions that develop in the operation of Linotypes and Teletypesetter attachments; to learn the care and maintenance of the machines.

243. Newspaper Advertising and Makeup. 5 quarter hours.

The practice of newspaper makeup; how to put punch in the setting of newspaper advertisements; how to mark ad copy; the setting of effective heads; producing a newspaper.

50. The Teletypesetter Perforator. 3 quarter hours.

To study the difference in arrangement of the Teletypesetter keyboard and that of a standard typewriter; to practice operating the keyboard; to learn to read the perforated tape; to prepare students for employment as efficient operators.

LANGUAGES

French

60-61. Elementary French. 5 quarter hours.

For those with no previous study of the language. Fundamentals of grammar. Simple composition. Constant training in pronunciation based on phonetics. Simple readings during second quarter.

62-63-64. Intermediate French. 3 quarter hours.

Two years of high school French or French 1 and 2 required. Rapid review of grammar, idiomatic constructions, and vocabulary based on reading of selected authors. Frequent dictations and some conversational French.

260-261-262. Introduction to Literature. 3 quarter hours.

Rapid review of most difficult parts of grammar. Survey of French literature from Chanson de Roland to eighteenth century with particular emphasis upon seventeenth century selected texts read from literary and linguistic point of view.

Latin

65-66. Latin. 5 quarter hours.

A course intended for students who have never studied Latin and for those who present only one unit of Latin for entrance.

67. Latin 5 quarter hours.

Continuation of Latin 66. Some study made of the Roman political and social institutions. Reading of selections from Latin masterpieces.

Spanish

70-71. Elementary Spanish. 5 quarter hours.

Introduction to the Spanish language through contact and use. Emphasis on grammar, graded readings, and simple conversation.

72-73-74. Intermediate Spanish. 3 quarter hours.

Prerequisite: Spanish 70-71 or two years high school Spanish. Review of grammar. Class readings and conversation.

MATHEMATICS

The courses in this department are organized into two groups—(1) Terminal, (2) Transfer—and are offered as herein described.

GROUP I—Terminal and Remedial:

The courses in this group are designed especially to meet the needs of one-year and two-year Business Education, Graphic Arts, and Agriculture graduates who are going directly into their vocations and not transferring to senior college immediately for higher training. They furnish the basic principles and skills essential to the successful

pursuit of the other practical courses or of a job in these fields. They also furnish opportunity for remedial work to transfer students who may be deficient in the prerequisites to the regular college mathematics courses.

Full terminal credit, therefore, is allowed for the courses of this group, as indicated in each case, but ordinarily no transfer credit is allowed for these courses. However, some senior colleges do allow transfer credit for these courses, because they are all given on a level above that of high school courses of similar title.

80. Plane Geometry.

3 quarter hours.

While this course includes the full high school subject of Euclidian Geometry, it covers a great deal more in logical analysis and the psychology of the reasoning process that is of particular value to all Pre-Ministerial and Pre-Law students. The course is required of all liberal arts students whose transcripts indicate a deficiency and who are working for the AA degree. Winter quarter.

81. Business Arithmetic.

3 quarter hours.

This is a comprehensive course in commercial arithmetic. It is given on the level of a college course in business education and provides training and practice in all the important topics of fundamental arithmetic with emphasis on their application to business as of today. Fall and Spring quarters.

82. Intermediate Algebra.

5 quarter hours.

A digest of work usually covered in second year high school algebra, including the fundamental operations, factoring, linear and quadratic equations with special attention to exponents, radicals, the binomial formal, and progressions. Fall quarter.

GROUP II—Transfer Credit:

The courses in this group are designed and given strictly on the college freshman and sophomore levels to meet the requirements of Pre-Engineering and other career students who expect to transfer and continue their training in senior colleges and other higher institutions of technology. Full transfer credit is allowed as indicated in each case.

83. College Algebra.

5 quarter hours.

This is the standard Freshman course in college algebra. It meets the needs of mathematics and physical science majors, as well as the requirements of students of engineering and of higher accountancy and finance. Prerequisites: one and one-half units of algebra and one

unit of plane geometry or of intermediate algebra. Fall and Winter quarter.

84 Plane Trigonometry and Solid Geometry. 5 quarter hours.

The first six weeks is given to a study of trigonometry beginning with the definitions of the trigonometric functions and continuing through the fundamental identities, multiple angles, solutions of trigonometric equations, and solutions of the general plane triangle. Also included is the study of the radian and inverse trigonometric functions. The second six weeks solid geometry is studied. Prerequisites: Mathematics 80 and 82 or equivalent. Spring quarter.

85. Mathematics of Finance. 5 quarter hours.

This course provides a sound working knowledge of the mathematics necessary for the intelligent handling of all aspects of modern finance which the student will meet in private life or business career. It deals with compound interest and discount, ordinary annuities, annuities due, deferred annuities, perpetuities, amortizations and sinking funds, valuation of bonds, life annuities and life insurance. Prerequisite: Mathematics 83. Winter quarter.

286. Analytic Geometry. 5 quarter hours.

This is the regular course in analytic geometry offered for students who plan to major or minor in mathematics or to study engineering. Prerequisites: Mathematics 83 and 84. Fall quarter.

287 and 288. Differential and Integral Calculus. 10 quarter hours.

In the winter quarter the elements of the differential calculus are taught. The formulas for differentiating algebraic and transcendental functions are developed and applied to the study of problems dealing with maxima and minima, curvature, velocities, and acceleration. Winter quarter—5 hours.

In the spring quarter a course is offered in the methods of integration with applications to problems such as the determination of areas, volumes, centroids, moments of inertia, and arc length. Double and triple integrals are studied together with a brief treatment of infinite series. Spring quarter—5 hours.

MUSIC

THEORETICAL COURSES

Required of students who expect to major in music.

90-91. Theory. Credit 5 quarter hours.

A course which includes keyboard and written harmony, sight singing and melodic and rhythmic diction. Five hours a week.

92. Appreciation of Music.

Credit 2 quarter hours.

A course designed for students not majoring in music, who wish to obtain a general survey of the examples of musical literature, and to develop intelligent listening. Two hours a week.

290-291. Theory.

Credit 3 quarter hours.

A continuation of theory 90-91 with advanced sight singing, harmony, diction, and a study of modulations and transcriptions. Three hours a week.

APPLIED MUSIC

Piano.

This course is planned to fit the individual needs of each student; fundamental training in technique using study materials based on the student's previous training; suitable selections from Bach; sonatas by Haydn, Mozart and Beethoven, and works from the Romantic and Modern periods.

Organ.

Manual and pedal technique; Bach, "Eight Short Preludes and Fugues"; simple works of the Classic, Romantic, and Modern schools.

Voice.

A study of posture, breath control, diction, and interpretation, developing freedom of the voice; technical exercises, songs and arias selected from a wide range of song literature.

Class Voice Lessons.

Are offered to groups of from four to six students of similar ability.

No credit is given for applied music except when accompanied by one of the courses in theory.

To complete the course for associate of arts in music a student must complete two years of applied music on a college level in addition to the theoretical and literary courses prescribed by the curriculum committee.

Glee Club.

1 quarter hour.

The Glee Club is open to all students upon successful auditions at the beginning of each quarter.

PHYSICAL EDUCATION DEPARTMENT

WOMEN

Every student enrolled in the institution is required to register for and meet gymnasium classes three times a week.

A class is planned for those who present a doctor's statement that they are not physically able to meet the regular classes.

100a. Hygiene. 3 quarter hours.

A course designed to give the women a general knowledge of the body that will result in a more wholesome life. Personal community health problems are studied with emphasis on health problems of the individual student. Factors influencing mental health are also considered.

101. Recreational Activities. 1 quarter hour.

Fall and Spring. A course in indoor and outdoor team sports designed to be helpful in playground and church recreation. Three times per week.

102. Rhythm and Games. 1 quarter hour.

Winter quarter. This course offers an opportunity for the student to learn the fundamental folk and national rhythms; to learn the customs, dress, and folklore of many countries. Three hours per week.

103. Elementary Swimming. 1 quarter hour.

Fall and Winter. The fundamental skills in executing various strokes will be emphasized. Three hours per week.

104. Elementary Tennis. 1 quarter hour.

Fall and Spring. A beginner's course designed to teach the basic rules and skills. Three hours per week.

105. Volleyball and Basketball. 1 quarter hour.

Winter. Development of fundamental skills. Three hours per week.

106. Archery. 1 quarter hour.

Spring. A beginner's course organized to teach the basic rules and skills. Some time will be spent on the care of the equipment.

107. Stunts and Tumbling. 1 quarter hour.

Winter.

301. Advanced Swimming. 1 quarter hour.

Prerequisite: Student must have passed the American Red Cross beginners swimming test. Three hours per week.

302. Advanced Tennis. 1 quarter hour.

Spring. Prerequisite: 104 or its equivalent.

PHYSICAL EDUCATION

MEN

100b. Hygiene. 3 quarter hours.

A course designed to give the men a general knowledge of the body that will result in a more wholesome life. Personal community health problems are studied with emphasis on health problems of the individual student. Factors influencing mental health are also considered.

110-111. Basic Physical Education. 1 quarter hour.

Basic courses consisting of conditioning activities of low and high organization, vigorous individual and team games to develop fundamental skills according to the needs of the individual.

112. Elementary Swimming. 1 quarter hour.

This course is designed for students who cannot swim. Two hours per week.

113-114-115. Intramurals. 1 quarter hour.

A seasonal program of touch football, basketball, volleyball, soccer, tennis, softball, swimming, and track and field events. Two hours per week.

116. Recreational Activities. 1 quarter hour.

Basic course in fundamentals and rules of games and minor sports. This course is designed for those interested in church, Y.M.C.A., Boy Scout, or school work. Two hours per week.

310-311. Organized Games. 1 quarter hour.

These courses stress team play in games such as volleyball, touch-football, basketball, soccer, badminton, and tennis. Required of all sophomores. Three hours per week.

312. Theory of Football. 2 quarter hours.

A course recommended for all varsity football players and boys interested in coaching and officiating. A theory course elaborating on offense and defense, methods of teaching fundamentals, purchasing and care of equipment, and treatment of injuries. Two hours per week. Fall quarter.

31. Theory of Basketball. 2 quarter hours.

A course recommended for all basketball players and students interested in coaching and officiating. A theory course elaborating on individual fundamentals, offense and defense, interpretations of rules and training for officiating. Two hours per week. Winter quarter.

314. Theory of Baseball. 2 quarter hours.

A theory course elaborating on individual play and team strategy, official rules of scoring, organization and management, and treatment of injuries. Two hours per week. Spring quarter.

315. Advanced Swimming and Lifesaving. 2 quarter hours.

Physical Education 112 is a prerequisite for this course—American Red Cross swimming course. Two hours per week.

RELIGION

120. The Life of Christ. 3 quarter hours.

A study of the life and teachings of Jesus as they are presented in the gospels, including an introduction to the Inter-Biblical period and the New Testament world. First quarter.

121. The Life of Christ. 3 quarter hours.

This course is a continuation of Bible 121. A careful study is made of the last year of Jesus' public ministry with special emphasis on the meaning of His death and resurrection. Second quarter.

122. The Life and Letters of Paul and the General Epistles. 3 quarterhours.

This course seeks to acquaint the student with the growth and spread of Christianity from the days of Jesus' earthly ministry to the close of the first century. Third quarter.

320. Old Testament. 3 quarter hours.

A survey of the history of the Hebrew people from the early beginnings to the time and conquest and settlement in Canaan. First quarter.

321. Old Testament. 3 quarter hours.

This course continues with the history of the Hebrews from the conquest through the Golden Age with special emphasis upon the poetic literature of the Bible. Second quarter.

322. Old Testament. 3 quarter hours.

A continuation of the history of the Hebrew people through the decline, the exile, and the return and restoration. Special attention is given to the prophets. Third quarter.

NATURAL SCIENCE

Biology

130-131. General Biology. 6 quarter hours.

An introductory course in which the fundamental facts of the structure and activities of plants and animals are studied. Laboratory work will consist of the study of important biological principles, and the study of representatives from the plant and animal kingdoms. Four hours lecture and recitation and four hours laboratory per week. Fall and winter quarters.

132-133-134. Anatomy and Physiology. 3 quarter hours.

Prerequisite or corequisite: Biology 131.

Reading and lectures about human anatomy and physiology, including emphasis on health and hygiene. Three hours lecture and recitation per week.

138-139. Clinical Pathology. 6 quarter hours.

Designed for medical technology, medical secretary, and nursing students. Theory and practice of clinical laboratory procedures, including hematology, urinalysis, and similar topics.

330. Bacteriology. 6 quarter hours.

Prerequisites: Two biology courses.

A study of bacteria, with emphasis on the pathogenic species. Laboratory work will be devoted to the study of the common species of bacteria and to the development of satisfactory bacteriological technique. Designed primarily for students who plan to enter medicine, nursing, dentistry, public health, or medical technology. Four hours lecture and four hours laboratory per week. On demand.

331. Invertebrate Zoology. 6 quarter hours.

Prerequisites: Biology 130 and 131.

A study of the invertebrate animals from the standpoint of their taxonomy, morphology, physiology, and relationships. Four hours lecture and recitation and four hours laboratory per week. On demand.

332. Comparative Anatomy. 6 quarter hours.

Prerequisites: Biology 130 and 131.

A comparative study of the chordate animals. Study and dissection of type forms in the laboratory. Four hours lecture and recitation and four hours laboratory per week. On demand.

333-334. General Botany. 6 quarter hours.

Prerequisites: Biology 130 and 131.

A study of the taxonomy, morphology, and physiology of plants. Four hours lecture and recitation and four hours laboratory per week. On demand.

335. Field Botany. 6 quarter hours.

Collection, identification, and study of plants as they exist in nature. Ecological relationships are stressed. Four hours lecture and recitation and four hours laboratory per week. On demand.

Chemistry

140-141. General Inorganic Chemistry. 6 quarter hours.

Note: Both 101 and 102 must be taken to secure any credit.

This course emphasizes the fundamental principles, theories, laws, and basic facts of chemistry. Preparation and properties of the more common elements and their compounds are studied. Relations of the periodic table and atomic structures are studied. Special consideration

142. Medical Secretary Chemistry. 6 quarter hours.

A course designed to give a working knowledge of chemistry laboratory procedures to medical secretary students. Theoretical chemistry is kept a minimum. Includes the common laboratory tests used in clinical work. Prerequisites: High school chemistry or two quarters general college chemistry.

340-341. Organic Chemistry. 6 quarter hours.

Prerequisite: Chemistry 140 and 141.

This course is a survey study of the organic compounds. Both aliphatic and aromatic compounds are considered. Special attention is given to methods of preparation and to reactions of typical organic compounds. Four hours lecture and recitation and four hours laboratory per week.

Physics

145-146. General Physics. 6 quarter hours.

Prerequisites or corequisites: College algebra (Required).
Trigonometry (Recommended).

This course treats historically and experimentally the great principles of physics. Such topics as mechanics, heat, magnetism, electricity, sound, and light will be studied. Special emphasis is placed on problem-solving. Four hours lecture and recitation and four hours laboratory per week. Fall and winter quarters.

147. Modern Developments in Physics. 6 quarter hours.

No prerequisite.

This course is a study of topics not usually covered in the classical physics course. Such topics as X rays, television, radio and elementary atomic physics will be considered. This course is limited primarily to developments of the present century. Five hours lecture and recitation and two hours laboratory per week. Spring quarter.

SOCIAL SCIENCE

History

- 150. World History.** 5 quarter hours.

A survey of history from the ancient times to the fall of the Roman Empire. Emphasis on major civilizations of the Near East, Greece, and Rome. First quarter.

- 151. World History.** 5 quarter hours.

Continuation of World History 150. Study of the history of Western Europe from the fall of the Roman Empire to the Reformation period.

- 152. World History.** 5 quarter hours.

Continuation of World History 151. History of Western Europe from the Renaissance and Reformation to the present.

- 350. American History.** 5 quarter hours.

United States History from the first settlement to 1850. Parallel reading, oral and written reports required.

- 351. American History.** 5 quarter hours.

United States History from 1850 to present day. Parallel reading, oral and written reports required.

Sociology

- 155. Sociology.** 5 quarter hours.

An introduction to the principles of sociology, the structure and function of society. A basic course prepared to meet the needs of beginners in this field.

Government

- 160. Government.** 5 quarter hours.

The National Government of the United States. A course in the problems of American citizenship with a study of the actual working of the American Government. Parallel reading, oral and written reports required.

161. Government. 5 quarter hours.

A study of the state and local governments in the United States. Emphasis on government in North Carolina and neighboring states.

165. Elementary Geography. 3 quarter hours.

An introductory course dealing primarily with physical phases of geography and their relationship to man. On demand.

Psychology

360. Psychology. 5 quarter hours.

This course is a survey of the problems, principles and methods of psychology. The study leads to advanced work in psychology. It serves as an introduction to liberal education. Five hours per week.

STUDENT ROSTER, 1953-54

SOPHOMORES

TO APPLICANT

Mail application as early as possible to secure best accommodations. Fill in application blank below. With it, send room deposit and file transcript of courses and credits for entrance.

Application for Admission TO CHOWAN COLLEGE MURFREESBORO, N. C.

To the President:

I hereby apply for admission to Chowan College for the school year

Freshman

195.....-195..... as a Sophomore student.

Name.....Date of birth.....

Race.....Place of birth.....

Parents' or guardian's name.....and
occupation.....

Home address.....

Church preference.....Member Yes
No

High school attended.....

Date of graduation.....Number of units.....

College attendance, if any.....Number of credits.....

Course desired.....

Room choice.....Roommate choice.....

I certify that I have read the College regulations in the Catalogue, and if admitted, will pledge cheerful obedience to them at all times.

Name.....

I enclose \$5.00 for registration.....

It is my understanding that this fee is not returnable after August 1.

Date.....
